MADE IN ITALY

COUGH AND SORE THROAT

Description

BALATUS is a medical device useful in the treatment of symptoms of cough, both dry and wet. Bala Complex®, an innovative mix of Snail Slime extract and Hyaluronic Acids with different molecular weights, creates protective film with “barrier effect” that calms the cough while protecting the upper airways.

Shake the bottle before use.

Adults: 15 ml twice a day or as advised by a doctor.

Children from 3 years of age: 10 ml twice a day or as advised by a doctor.

Therapeutic indications

- Mucus reduction
- Barrier effect
- Soothes irritation of the oro-pharyngeal mucosa
- Moisturizing action

Presentation

BALATUS is available in the following versions:

- 250 mL bottle with measuring cup
- 150 mL bottle with measuring cup

Ingredients

Bala Complex® (Complex of Snail Slime, Low and High Molecular Weight Hyaluronic Acid, Cyclodextrins), Icelandic Lichen dry extract, Sodium Alginate, Eucalyptus Essential Oil, White Thyme Essential Oil, Fructose, Water, Millefiori Honey, Potassium Sorbate, Sodium Benzoate, Citric Acid.

Plus

Synergistic action between Snail Slime, Low and High Molecular Weight Hyaluronic Acid and Cyclodextrin that create a high mucoadhesive and hydration complex.
