

- Fetal neurodevelopment
- Birth weight
- Timing of gestation
- Neural tube defects prevention

Caregyn pearls ensures the recommended intake and/or adequate intake of vitamins and mineral during pregnancy according to LARN guidelines.

Food Supplement

MADE IN ITALY

PREGNANCY & PRE-PREGNANCY

DESCRIPTION

Caregyn is a food supplement, in gastro-resistant soft caps, specifically formulated for women who are pregnant or planning a pregnancy. It is based on Omega-3 (DHA), Folic Acid, Minerals and Vitamins. Ideal even during lactation.

It is recommended the intake of 1 pearl a day, preferably before a meal.

THERAPEUTIC INDICATIONS

- Maternal intake of DHA contributes to the normal development of the sight and brain of the fetus and of breast-fed infants.
- Iron and Vitamins B1, B2, B6 and B12 promote the normal formation of red blood cells
- Folic acid contributes to the growth of the maternal tissues during pregnancy and supports the normal hematopoiesis

PRESENTATION

Each pack of Caregyn pearls contains 30 gastro-resistant soft caps.
