Food Supplement

MADE IN ITALY

# LIVER FUNCTIONALITY

## DESCRIPTION

Simpitol is a food supplement based on L-Taurine, Silymarin, Vitamin C, dry Cynara, Taraxacum officinale, Tannins, Resveratrol, Vitamins PP, E and B6. It promotes the digestive and hepatic function. By stimulating the regular drainage of body fluids, it supports the purifying functionality of the body.

## DOSAGE

It is recommended to administer 1 sachet a day.

## THERAPEUTIC INDICATIONS

- Liver disorders
- Liver cirrhosis
- Urinary tract disorders
- Liver failure
- Jaundice treatment

## PRESENTATION

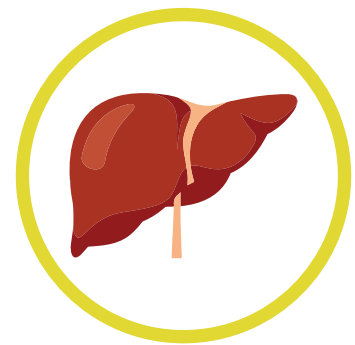

One box containing 20 sachets of 2g each.

## INGREDIENTS

L-Taurine, Silybum marianum dry (Silymarin), Vitamin C, Cynara scolymus dry (caffeilchininic acids), Taraxacum officinale dry (inulin), Phyllanthus niruri L dry (tannins), Resveratrol, Vitamin PP, Vitamin E and Vitamin B6
