

- Sarcopenia or prolonged inactivity
- Increased protein requirements during low-calorie diets
- Athletes and sportspeople

Food Supplement

MADE IN ITALY

KETOGENIC DIET

DESCRIPTION

Slenderine is a carefully formulated food supplement that combines high-quality ingredients such as milk protein, calcium, potassium, ornithine alpha-ketoglutarate, linum extract, carnitine, magnesium, taurine, zinc, and citrulline.

Thanks to its unique composition, Slenderine supports metabolic function, promotes fat metabolism, and helps reduce fatigue, making it an ideal ally for those following a ketogenic diet or looking to manage their weight effectively. It contributes to maintaining muscle tone while assisting in the reduction of localized fat and cravings.

Take 2 sachets of slenderine per day.
To prepare, mix 1 sachet with 500 ml of water or 200 ml of lactose-free milk.

THERAPEUTIC INDICATIONS

- Lipid metabolism,
- Nutrient absorption limitation,
- Digestive enzyme function,
- Energy metabolism,
- Normal muscle,
- Carbohydrate and fatty acid metabolism
