OUR TECHNOLOGY

PROCAP SPRAY&DROPS

- Improve the conservation of Ingredients in Drops or Spray.
- Avoid the use of preservatives and stabilizers.
- Prevents premature mixing of components.

PHYSIO RELEASE

- Optimizes the controlled release of active ingredients.
- It ensures consistent absorption over time within the desired therapeutic range, enhancing the effectiveness of oral treatments.

GASTRO BLOCK

Adds an external enteric film to already enteric capsules, creating a double barrier that locks in odor-causing volatiles until intestinal release.

OMEO BIMBO

- We are able to realize products in compliance to food intended for children under 3 years old (Infants).
- *Preservative free water solutions*

COMPLEXATION WITH LIPID MATRIX

- Improve bioavailability
- Improve solubility in water
- Can grant gastroresistance to a powder
- Can grant special speed release in GI tract to a powder (ex FITOMINA and FITOSVELIA)

HYPER SOLV

- Enhance water dispersion of non hydrosoluble ingredients
- Increases buccal absorption of orosoluble powders

MUCOADHESIVE BIOENHANCER

Enhances the bioavailability and effectiveness of active ingredients administered through the oral mucosa.

- *Faster Absorption*
- *Reduced systemic side effects*

MICROEMULSIFIED INGREDIENTS

Protect Active Ingredients in gastrointestinal tract and improve bioavailability (ex. Iron).

FOOD EMULSION

- Improve solubility of Ingredients insoluble in water
- Mask the bad taste of Ingredients
- Improve bioavailability
- Great compliance

COMPREEZER

Technology that preserves heat-sensitive ingredients in tablets

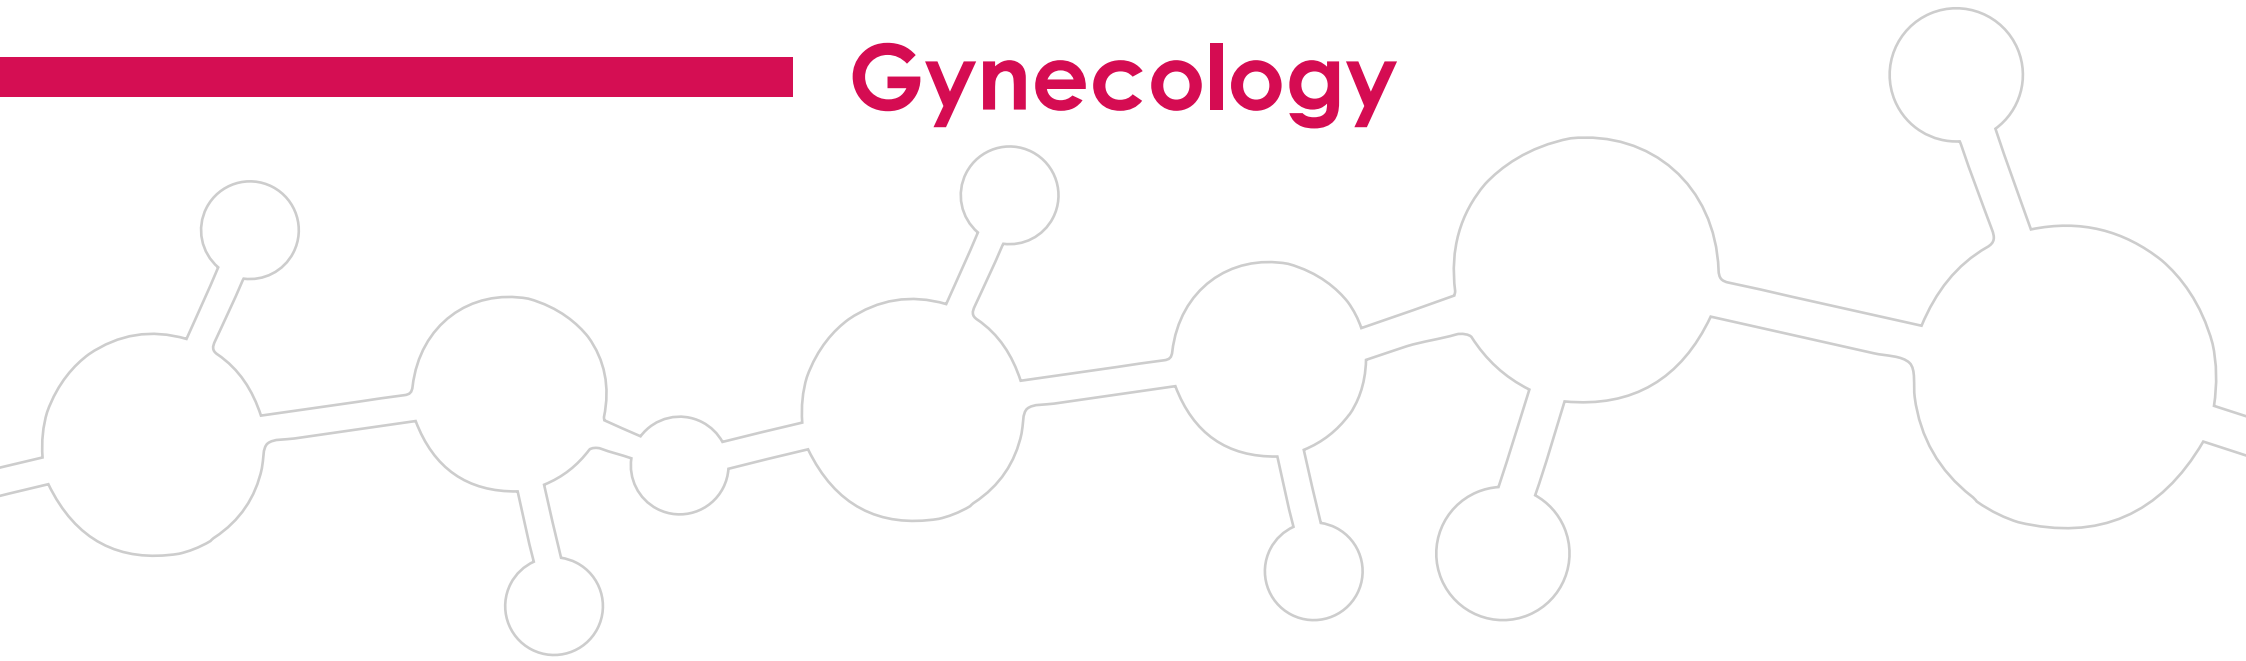

- Fatty Ingredients
- Vitamins
- Probiotics

OUR DOSAGE FORMS

Gynecology

INDEX

CAREMILK • Oral tablets

FS

Post-partum depression. Tiredness and fatigue. Galactogogue function.

- ★ **Gluten Free**
- ★ **Naturally Lactose Free**

Active ingredients: Griffonia d.e., Vitamin B12, Folic acid, Galega d.e., Milk thistle d.e. tit. 80% of silymarin, Phosphoserine, Hay greek d.e.

Rif. code: FT.IA.235

MIVAGYN • Vaginal tablets

Vulvo-vaginal atrophy. Protection against pathogenic microorganisms such as Streptococci and Candida.

★ **Only natural ingredients**

Active ingredients: Natural (Hydrolyzed/Fermented) mix milk protein, Lactic acid, FOS.

Rif. code: FT.CE.120

MIVAGYN T • Vaginal tablets

Vulvo-vaginal atrophy. Protection against pathogenic microorganisms such as Streptococci and Candida.

★ **Tyndallized Lactobacillus - more effective in case of UTIs, useful during long terms antibiotic therapies**

Active ingredients: Tyndallized Lactobacillus, Natural (Hydrolyzed/Fermented) mix milk protein, Lactic acid, FOS.

Rif. code: FT.CE.149

REVAGINAL OVULES • Vaginal ovules

Healing and regeneration of the uterine cervix and vagina due to vulvar dystrophy therapy. Hydrating and lubricant. Vaginal dryness, irritations, itching, and burnings.

- ★ High tolerability
- ★ Compatible with condoms
- ★ Suitable for women of childbearing age, menopause and perimenopause

| After 10 days of treatments: | | | |
|------------------------------|------------------|-------------------|---------------------------|
| CLINICAL TRIAL | ↘ Dryness (-90%) | ↘ Burning (-100%) | ↘ Irritation (-90%) |
| | ↘ Pain (-68%) | ↘ Itching (-100%) | ↗ Intimate Desires (+64%) |

Active ingredients: Hyaluronic acid, Lactic acid, Polycarbophil, Tea tree oil, Vitamins A-E, Glycyrrhetic acid.

Rif. code: FT.CE.15/110

CAREGYN OVULES • Vaginal ovules

Recurrent vulvovaginal candidiasis. Vaginal dryness. Irritations, itching, and burnings.

- ★ Lactic and Boric acid immediate lowering of vaginal pH protecting from pathogens

| After 1 weeks of treatments: | | | |
|------------------------------|-------------------|------------------|----------------------------|
| CLINICAL TRIAL | ↘ Dryness (-100%) | ↘ Burning (-92%) | ↘ Irritation (-100%) |
| | ↘ Pain (-100%) | ↘ Itching (-91%) | ↗ Intimate Desires (+100%) |

Active ingredients: Boric acid, Polycarbophil Phosphatidylcholine, Acid 18 beta - glycyrrhetic, Sodium hyaluronate, Vitamins A-E, Tea tree oil, Lactic acid, Triglycerides semisynthetic.

Rif. code: FT.CE.48/111

INDEX

REVAGINAL GEL • Multidose tube • Single dose tubes

Vaginal atrophy: Dyspareunia, yellow color discharge from the vagina, spotting or bleeding, itching.

★ **Single dose:** Easy to use 6 single-use applicators with cannulae, can be used in conjunction with estrogens and/or progestin therapies (eg. contraceptive pills) and/or antibiotics

★ **Multidose:** Can be used in conjunction with estrogens and/or progestin therapies (eg. contraceptive pills) and/or antibiotics

| After 2 weeks of treatments: | | | |
|------------------------------|------------------|------------------|---------------------------|
| CLINICAL TRIAL | ⇓ Dryness (-50%) | ⇓ Burning (-80%) | ⇓ Irritation (-89%) |
| | ⇓ Pain (-100%) | ⇓ Itching (-94%) | ⇓ Intimate Desires (+80%) |

Active ingredients: Aloe, Ribes nigrum, Lavandula angustifolia, Sodium hyaluronate, Chamomilla recutita, Calendula officinalis, Lactic acid, Vitamin E, Vitamin A.

Rif. code: FT.CE.24/112

Rif. code: FT.CE.71/112

ALEGYNE • Vaginal ovules

Atrophic vaginitis and nonspecific vaginal dryness. Genitourinary syndrome of menopause. Iatrogenic vaginal dryness (caused by pelvic radiation therapy, oral contraceptives, or medications). Immediate pH acidification. Vaginal inflammation: resolution of itching and burning.

Active ingredients: Sodium Hyaluronate, Vitamin E Acetate, Lactic Acid, Polycarbophyl, Phosphatidylcholine.

Rif. code: FT.MDR.110.B

MIVAGYN • Vaginal ovules

Atrophic vaginitis and nonspecific vaginal dryness. Genitourinary syndrome of menopause. Iatrogenic vaginal dryness (caused by pelvic radiation therapy, oral contraceptives, or medications). Immediate pH acidification. Vaginal inflammation: resolution of itching and burning.

Active ingredients: Sodium Hyaluronate, Vitamin E Acetate, Tea Tree Oil, Lactic Acid, Polycarbophyl, Phosphatidylcholine.

Rif. code: FT.MDR.110.A

REVAGINAL INTIMATE WASH • Intimate wash

Daily hygiene adjuvant to oral antimicrobial/antimycotic therapy for the treatment of vaginosis (vaginal itching, burning, irritation and vaginal malodorous discharge).

★ pH 3.5. Everyday use

Active ingredients: Aloe vera, Chamomilla, Oat, Boric acid, Lactic acid, Chlorhexidine, tea tree oil.

Rif. code: FT.CE.52

REVAGINAL VAGINAL DOUCHE • Vaginal douche

Dryness, irritation, burning, itching and vulvar pain for all those women in Post-puberale adolescence (not virgin), and in adulthood mature, even in menopause and after chemotherapy.

- ★ Minimally invasive application
- ★ Soft bottle
- ★ Thin and flexible cannulas

Active ingredients: Hyaluronic acid, Lactic acid, PVP.

Rif. code: FT.CE.50

RIGEL • Single use tubes

Microlesions of the vaginal epithelium due to conditions like diabetic condition, dystrophies following chemotherapy, ionising radiation, senile dryness also due to oestrogen deficiency.

★ **Easy to use: 6 single-use applicators with cannulae**

Active ingredients: Triticum vulgare germ extract, Lavandula angustifolia flower water, Sodium hyaluronate, Lactic acid, Glycine soja seed extract, Glycyrrhetic acid, Vitamins A-E.

Rif. code: FT.CE.127

FS

FERTILIFAST • Sachets

Male Infertility. Improves sperm motility, shape and count. Contributes to the reduction of ROS in sperm and testosterone balance

★ **Clinically tested**

CLINICAL TRIAL

⤴ Spermatozoa Motility

⤴ Total and Progressive Motility

⤴ Sperm Vitality

Active ingredients: Arginine-L, N-Acetylcysteine, Carnitine L-tartrate, Coenzyme Q10, Zinc gluconate, Selenium.

Rif. code: FT.IA.220

CE

XY AQUAGEL • Single dose tubes

Increases the chances of conception. Makes the vaginal environment optimal for sperm viability and motility.

★ **Laboratory tested efficacy**

CLINICAL TRIAL

⤴ Sperm Motility (+48% After 5min / +33% After 30min)

Active ingredients: Sodium hyaluronate, Magnesium citrate, Calcium pyruvate, Lactic acid, Potassium citrate, Carnitine, Creatine.

Rif. code: FT.CE.109

GINCLOR • Vaginal Ovules

Reduction of the risk of post-cesarean endometritis and postoperative wound infection. Recovery of vagina natural condition. Protection against bacterial infections and recurrent candidiasis.

★ **To use it before post-cesarean delivery**

Active ingredients: Hyaluronic acid, Lactic acid, Boric Acid, Vitamin E, 18-beta-glycyrrhetic acid, Tea tree oil, Chlorhexidine, Semi-synthetic triglycerides.

Rif. code: FT.CE.125

GINOX • Vaginal ovules

Vaginal malodorous discharge caused by bacterial vaginosis.

★ **Mimics natural vaginal defenses by restoring acidic pH and releasing peroxide ions.**

Active ingredients: Carbamide peroxide, Lactic acid, Boric acid, 18-Beta glycyrrhetic acid, Polycarbophil, Semi-synthetic triglycerides.

Rif. code: FT.CE.117

LATTAWIN GEL 1%/ LATTAWIN GEL 3% • Multidose or single dose tubes

Vaginal infection due to candida albicans or glabrata, in case of mild (1%) or severe(3%): itching and irritation in the vagina and vulva, burning sensation, especially during intercourse or while urinating, redness and swelling of the vulva, vaginal pain and soreness.

- ★ Easy to use
- ★ Fresh perfume
- ★ Halobor® (synergistic action of the components)

CLINICAL TRIAL

- ⇓ Itching (-88%) ⇓ Leucorrea (-91%)
- ⇓ Symptomatic Episodes (-86% After 2 Month)
- ⇓ Swab Test for C.Albicans (-90% After 2 Weeks)

Active ingredients: Halobor® (Hyaluronic acid with 1% or 3% Boric acid), D-Panthenol, Ribes extract, Aloe vera, Calendula extract, Lactic acid, Chamomilla flower extract.

Rif. code: FT.CE.113.1%.M.4 **Rif. code:** FT.CE.113.3%.M.4

CERVACARE • Vaginal spray

HPV infection. Soothing. Protection against bacterial infections. Helps re-epithelialization.

★ **Minimally invasive application**

Active ingredients: Carboxymethyl Beta Glucan, Rosmarinus leaf extract, Resveratrol, Hydrogenated polydecene, Epigallocatechin gallate, Tea tree oil, Lactic acid.

Rif. code: FT.CE.128.FB.1

LATTAWIN VAGINAL DOUCHE • Vaginal douche

Mixed vulvo-vaginitis. Irritations, itching and burnings. Recovery of vaginal natural conditions.

★ **Minimally invasive application**

★ **Soft bottle**

★ **Thin and flexible cannulas**

Active ingredients: Boric acid, Lactic acid, Aloe barbadensis, Malaleuca alternifolia.

Rif. code: FT.CE.01.8

REVAGINAL FOAM • Intimate foam soap

Daily hygiene adjuvant to oral antimicrobial/antimycotic therapy for the treatment of vaginosis (vaginal itching, burning, irritation and vaginal malodorous discharge).

- ★ Daily intimate hygiene
- ★ Ready to use even outside home, without using water
- ★ Propellant Free
- ★ Colorant free

Active ingredients: Boric acid, Lactic acid, Wheat proteins, Chlorhexidine.

Rif. code: FT.CE.142

CAREGYN EMULGEL • Multidose tube or monodose sachets

Perineal tissue elasticity, stretch marks prevention.

★Single-dose pack ready to use even if outside home

Active ingredients: Panthenol, Quercus robur extract, Argania spinosa kernel oil, Hydrogenated olive oil unsaponifiables, Rosa moschata seed oil, Oryza sativa bran oil, Hydrolyzed elastin, Orobanche rapum extract, Sodium hyaluronate, Vitamin E.

Rif. code: FT.CE.152

DILCOIL SPRAY • Dermal spray

Protection, prevention and alleviation of breast cracks during breastfeeding and lactation period. Breast fissures. Irritation, itching and burning.

★Edible and ingestible dermal oil

Active ingredients: Vitamin E, Borage, Almond, Currant and Triticum vulgare oils.

Rif. code: FT.CE.153

FS

EUSIA • Sachets

Preclampsia, prevention of preterm birth. Helps with cell division and specialization.

- ★ Gluten free
- ★ Good taste

Active ingredients: Calcium, Salix alba d.e., Magnesium, L-Arginine.

Rif. code: FT.IA.311.1

Also available with:

FS

REVAGINAL TAB • Oral tablets

Pelvic Pain. Helps reduce uterine contractile activity.

- ★ Gluten free
- ★ Titanium dioxide free

Active ingredients: Alpha-lipoic acid, Magnesium.

Rif. code: FT.IA.136.1

Also available with:

FS

CAREGYN PEARLS • Oral soft capsules

Increased nutrients need in pre-pregnant, pregnant or post-pregnant women. Maternal tissue growth during pregnancy. Helps normalize normal hematopoiesis. Prevention of neural tube defect in the newborn.

- ★ Gastro-resistant pearls
- ★ LipoDispersion technology
- ★ Pork free declaration, Alcohol free declaration

Active ingredients: Omega 3, Vitamins B Complex, Vitamins C-E-D-K, Iron, Zinc, Folic acid.

Rif. code: FT.IA.123.1

FS

IROLIN ORO • Sachets

Anemia in pregnancy: in case of symptoms such as fatigue, spinning sensation (dizziness) or vertigo, shortness of breath, tachycardia, difficulty in concentrating. Helps prevent preterm birth.

- ★ Orosoluble, practical administration: ready to use without water
- ★ Good taste

Active ingredients: Microemulsified Iron, Folic Acid, Vitamin C.

Rif. code: FT.IA.191

FS

P-COSTIL • Sachets

Polycystic ovary syndrome. Difficulty getting pregnant. Helps normalize hormonal activity. Helps counteract oily or acne-prone skin.

★Clinically tested

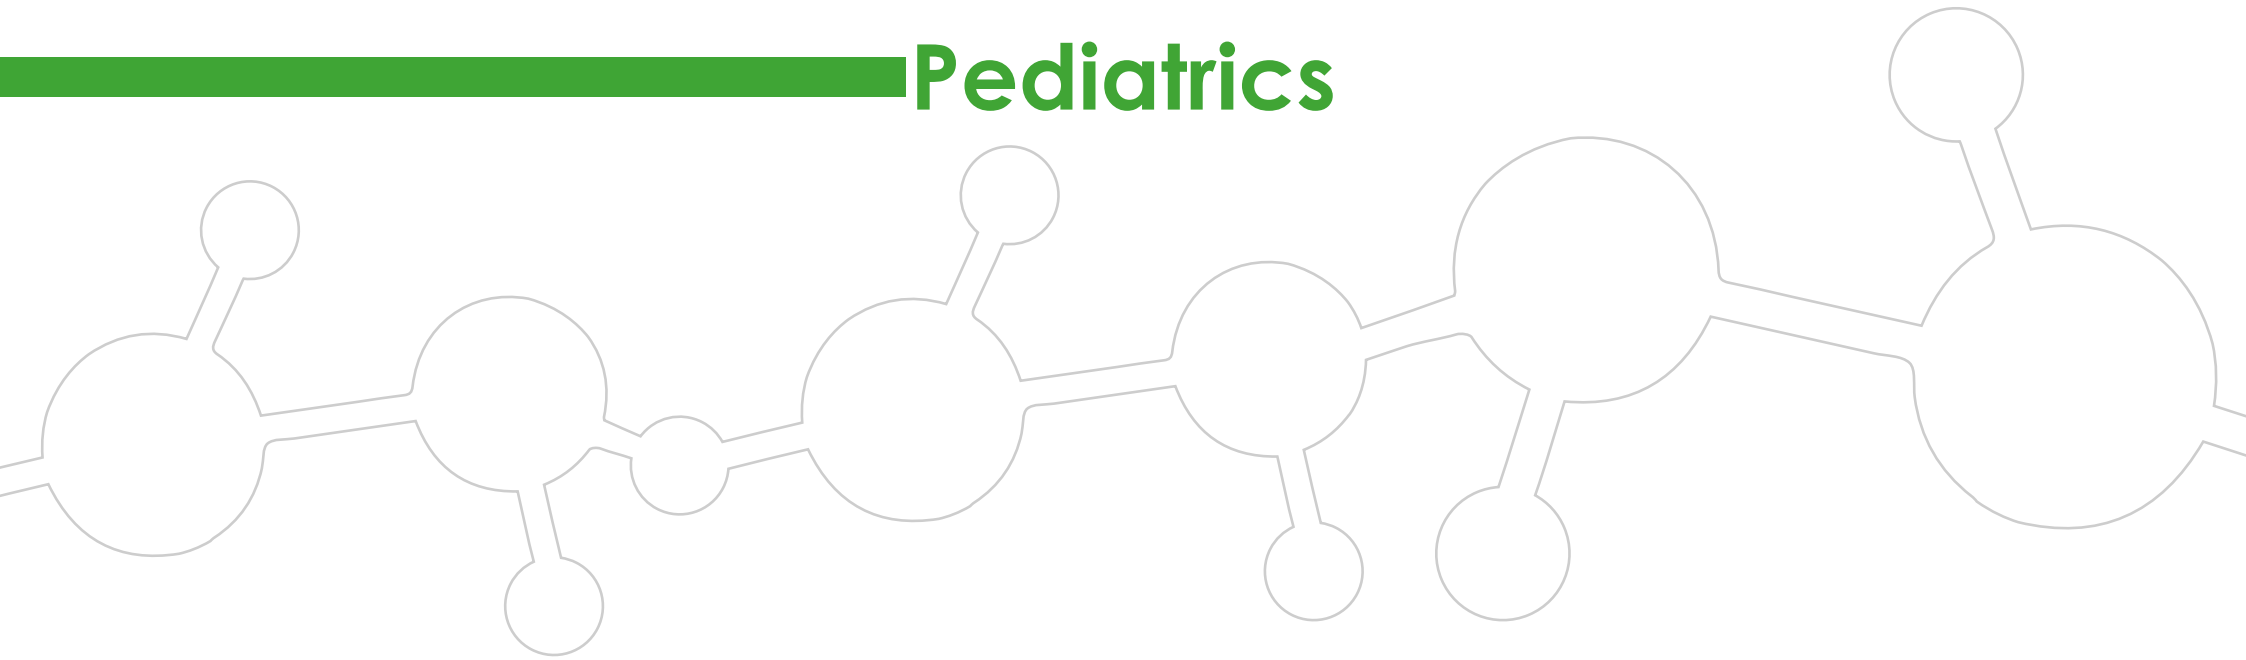

Active ingredients: Myo-Inositol, Magnesium, Folic acid, Zinc, Selenium, Vitamins B Complex, Vitamin D.

Rif. code: FT.IA.240

Pediatrics

INDEX

RINOFAST SPRAY • Nasal spray

Allergic rhinitis. Daily hygiene of nasal cavities. Decongestionant. Nasal Dryness.

★ **MSM: eradication of bacterial biofilm**

Active ingredients: MSM, Hypertonic solution 2,5% NACL.

Rif. code: FT.CE.25

AGFAST NASAL DROPS • Nasal drops

Acute and chronic sinusitis and allergic or non -allergic rhinitis characterized by a dry nose with wounds in the nasal mucosa.

★ **Colloidal silver: Antibacterial properties, wound healing activity**

Active ingredients: Methyl-Sulfonyl Methane, Xylitol, L-Lysine, Colloidal Silver, Ectoine, Sorbitol, Vitamin B2.

Rif. code: FT.CE.150

RINOFAST KIT • Nasal nebulizer + Vials

Nasal Shower. Daily hygiene of the nasal cavities. Colds. Allergic and non-allergic rhinitis. Rhinosinusitis. Nasal decongestion. Compromise of mucociliary clearance. Otitis media.

★ **Easy administration by syringe with nasal delivery device**

★ **Excellent in case of impossibility to use electromedical nasal showers**

Active ingredients: Sodium chloride, Sodium bicarbonate.

Rif. code: FT.K.02

PROPELIN OS • Throat spray

Sore throat. Gum irritation. Mucosal protection.

★ Natural active ingredients

Active ingredients: Propolis, Erysimum, Echinacea, Mentha piperita, Chamomilla flower extract.

Rif. code: FT.CE.58

OLIVEX DROPS • Ear drops

Hygiene of ear cavities. Elimination of wax excess. Protection against bacterial and mycotic infections.

★ Ozonized olive oil: antimicrobial action of the ozone layer

Active ingredients: Olive oil, Ozonized oil, Vitamin E, Tea Tree Oil.

Rif. code: FT.CE.27.2

FS

REVILAN SOLUTION • Oral solution

Prevention of acute and recurrent infections of the lower respiratory tract and otitis. Immune system stimulant. Tiredness and fatigue.

MULTRICENTRIC STUDY

| | | |
|-----------------------|---|----------------------------|
| CLINICAL TRIAL | Acute Respiratory Infections (-84%) | Pharyngotonsillitis (-84%) |
| | Acute Lower Respiratory Infections (-82%) | Coryza (-75%) |
| | Acute Otitis Media (-88%) | |
| | Antibiotic Therapy Courses (-89%) | Episodes of Fever (-84%) |

Active ingredients: C.R.S. Immuno® (complex containing Carboxy- methyl-beta-glucan 90% from *S. cerevisiae*, Reishi d.e. tit. 30% Polysaccharides, Shiitake d.e. tit. 10% Polysaccharides), Beta-glucan, Resveratrol from *Polygonum cuspidatum*, Zinc, Group B Vitamins, Vitamin C and Vitamin D.

Rif. code: FT.IA.164

Also available with:

FS

OMEGAREX • Food emulsion • Bottle or Stickpacks

Immune stimulant. Tiredness and fatigue.

- ★ Fast absorption
- ★ Good taste

Active ingredients: EPA, DHA, Minerals, Vitamins D-E.

Rif. code: FT.IA.493

INDEX

BALATUS • Oral solution

Dry Cough. Wet Cough. Barrier effect. Elimination of mucus excess. Hydration of the mucosa. Irritations.

★ **Bala complex- innovative complex with Snail slime and Hyaluronic acid**

Active ingredients: Bala complex (complex of snail slime, low and high molecular weight hyaluronic acid, cyclodextrins), Icelandic lichen d.e., Sodium alginate, Eucalyptus oil, Thyme oil.

Rif. code: FT.CE.108.4.150

BRNCOLISIN • Oral solution

Cough, sore throat, bronchitis, and cold symptoms. Bronchial secretions fluidity. Emollient and Soothing. Balsamic action.

★ **Only active natural ingredients**

Active ingredients: Grindelia extract, Honey, Plantain extract, Propolis extract, Lemon essential oil, Grapefruit extract, Altea extract, Drosera extract.

Rif. code: FT.IA.134

Also available with:

RILEFAST CE • Oral drops

Dyspeptic disorders. Gastroenteric meteorism. Aerofagy and gas colic in infants, children and adults.

- ★ Preservative free
- ★ Fast action
- ★ Clinical trial available

After 2 weeks of treatment in infants under 6 months

| | | | |
|-----------------------|---------------|---------------------|------------------|
| CLINICAL TRIAL | ↘ Pain (-88%) | ↘ Bloating (-88%) | ↘ Burping (-86%) |
| | | ↘ Aerophagia (-76%) | |

Active ingredients: Simethicone, Olive oil, Vitamin E, CoQ10.

Rif. code: FT.MDR.26

COMIL K BOULARDII • Oral solution + sachet

Dyspeptic disorders, gastroenteric meteorism, aerofagy and gas colic in infants, children and adults due to bacterial gastrointestinal infections.

- ★ *Saccharomyces boulardii*: restoration of gastrointestinal flora
- ★ Good Taste

Active ingredients: Simethicone, *Saccharomyces boulardii*.

Rif. code: FT.K.MDR.14.2

SECOL • Oral drops

Dyspeptic disorders, gastroenteric meteorism, aerofagy and gas colic in infants, children and adults.

★ **Good taste**

After 2 weeks of treatment in infants under 6 months

| | | | |
|-----------------------|---------------|---------------------|------------------|
| CLINICAL TRIAL | ↘ Pain (-95%) | ↘ Bloating (-100%) | ↘ Burping (-95%) |
| | | ↘ Aerophagia (-95%) | |

Active ingredients: Simethicone, Silica dioxide.

Rif. code: FT.MDR.16

RILEFAST CE BOULARDII • Oral solution + sachet

Dyspeptic disorders, gastroenteric meteorism, aerofagy and gas colic in infants, children and adults due to bacterial gastrointestinal infections.

- ★ **Preservative free**
- ★ **Suspension in oil**
- ★ **Saccharomyces boulardii: restoration of gastrointestinal flora**

Active ingredients: Simethicone, Olive oil, Vitamins A-E, CoQ10, Saccharomyces boulardii.

Rif. code: FT.K.MDR.20

REFLUSOD • Oral Emulsion in bottle + dosing syringe

Moderate-Severe GERD. Reflux gas. Barrier effect on esophageal tract. Helps heal mucosal damage. Soothing the mucous membrane. Ok for hypertensive or nephropathic patients. High compliance thanks to its emulsion form.

- ★ No side effects in hypertensive or nephropathic patients
- ★ Innovative Emulsion form that provides a high compliance of the product

Active ingredients: Slow molecular weight hyaluronic acid sodium salt, sodium alginate, Myrrh e.s. tit. 30% polysaccharides, Simethicone.

Rif. code: FT.CE.107.H

RILEFAST MAG • Stickpack

Moderate-Severe GERD. Reflux Gas. Barrier effect on esophageal tract. Helps heal mucosal damage. Soothing the mucous membrane. Ok for hypertensive or nephropathic patients. High compliance thanks to emulsion form.

- ★ Ready to use, practical oral administration even away from home,
- ★ Innovative Emulsion form that provides a high compliance of the product

Active ingredients: Low molecular weight Hyaluronic acid sodium salt, Magnesium alginate, Myrrh d.e. tit. 30% polysaccharides, Guar seeds flour, Simethicone.

Rif. code: FT.CE.107.G

REFLUCALM PLUS • Oral gel in bottle + dosing syringe

Moderate-Severe GERD. Reflux gas. Barrier effect on gastroesophageal tract
Helps heal mucosal damage. Soothing the mucous membrane.

★ **Barrier effect**

★ **Simethicone: action against reflux gas**

Active ingredients: Low molecular weight hyaluronic acid sodium salt, Magnesium alginate, Sodium alginate, Simethicone, Myrrh d.e. tit. 30% polysaccharides, Guar seeds flour.

Rif. code: FT.CE.107.D

HYDRAMIL • Stickpack

Nausea and vomit

★ **Fast absorption**

★ **Good taste**

★ **No reflux problems**

Active ingredients: Zingiber officinalis, Vitamins B1-B2-B6.

Rif. code: FT.IA.242.1

Also available with:

CE

SECOL ANTIREFLUX • Oral gel in bottle + dosing syringe

Mild GERD. Barrier effect on gastroesophageal tract.
Ok for hypertensive or nephropathic patients. No reflux gas.

- ★ No side effect in hypertensive or nephropathic patients
- ★ Barrier effect
- ★ Simethicone: action against reflux gas

Active ingredients: Magnesium alginate, Simethicone, Guar seeds flour.

Rif. code: FT.CE.107.C

FS

MARIFLOR R • Oral drops

Galt development in infant.

- ★ Preservative free

Active ingredients: Lactobacillus reuterii SGL01, Sunflower oil.

Rif. code: FT.IA.135

Also available with:

FS

MARIFLOR VIALS • Vials

Acute or chronic diarrhea.

- ★ Lactobacillus Rhamnosus GG, Probiotics Plus Vitamins

Active ingredients: Lactococcus lactis, Lactobacillus acidophilus, Lactobacillus plantarum, Lactobacillus paracasei, Vitamins A-B1-B6-B16-C-E-K1-PP, Folic Acid.

Rif. code: FT.IA.141.1

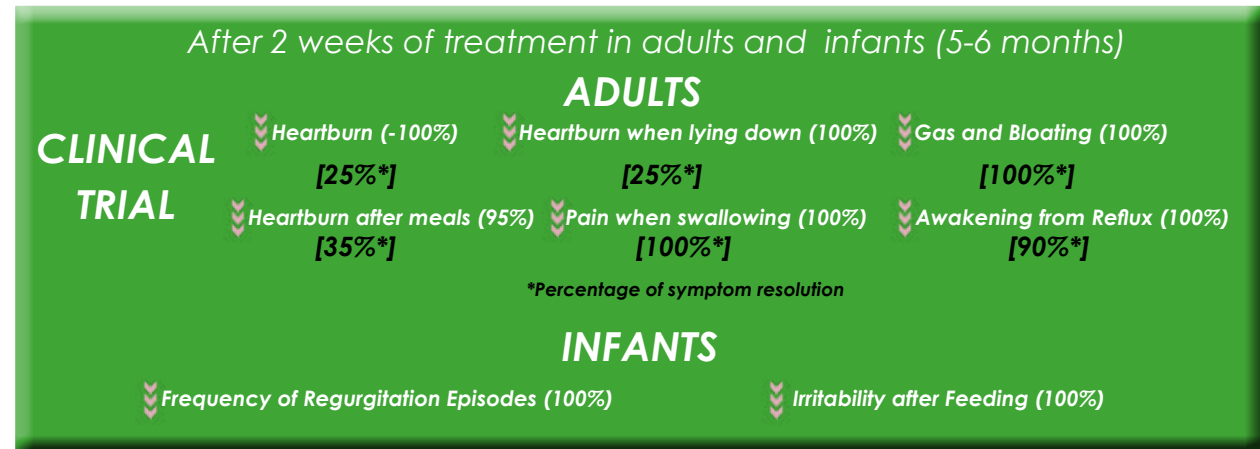

REFLUCALM • Oral solution

Treatment of MILD GERD, for patients who experience mild symptoms once or twice a month.

★ **Barrier Effect**

★ **Sodium Alginate targeted action: exerts a mechanic block of gastroesophageal reflux**

Active ingredients: Sodium Alginate, Sodium Bicarbonate, Calcium Carbonate, Arabic Gum, Xanthan Gum.

Rif. code: FT.CE.107.E

FS

CRESKO • Oral solution in Vials

Child development and growth, Inappetence, Tiredness and fatigue, Physical and mental stress.

- ★ Easy administration
- ★ High compliance

CLINICAL TRIAL

| | | | | | |
|---|---------------------------|---|------------------------|---|---------------------|
| ↘ | Weight Loss (-100%) | ↘ | Physical Stress (-92%) | ↘ | Irritability (-35%) |
| ↗ | School Achievement (+83%) | ↗ | Mood (+71%) | ↗ | Appetite (+66%) |

Active ingredients: Iron, Vitamins B1-B2-B5-B6-C-D3-PP, Glutamine, Royal jelly.

Rif. code: FT.IA.184

Also available with:

FS

DEPALIFE • Food emulsion

Infants brain's function development.

- ★ Good taste and high compliance thanks to food emulsion technology

Active ingredients: Omega 3 (EPA, DHA), Vitamins C-D3-E.

Rif. code: FT.IA.697

INDEX

FS

MARISLEEP • Oral Drops

Infant Insomnia. Help reduce the time it takes to fall asleep.

- ★ Sweet and pleasant taste
- ★ Easy administration
- ★ Promotes sleep quality and duration

Active ingredients: Melatonin, Vitamins B1- B2 - B6, Folic Acid.

Rif. code: FT.IA.260

FS

MARISLEEP RETARD DROPS • Oral Drops

Infant Insomnia. Help reduce the time it takes to fall asleep. Promotes sleep quality and duration. **Release of Melatonin ~50% after 1h – release>75% after 4h.**

- ★ Sweet and pleasant taste
- ★ Easy administration
- ★ Promotes sleep quality and duration

Active ingredients: Melatonin in Microgranules time released (Prolonged+Retard)

Rif. code: FT.IA.838

Also available with:

FS

MARISLEEP FAST GEL • Oral Spray

Fast asleep. Sublingual absorption. Increased bioavailability of Melatonin thanks to Mucoadhesive bioenhancer tech. Neurodevelopmental disabilities (Angelam syndrome, ADHD). Tourette syndrome.

- ★ Sweet and pleasant taste
- ★ Easy administration
- ★ Promotes sleep quality and duration

Active ingredients: Melatonin with Mucoadhesive bioenhancer tech for sublingual absorption.

Rif. code: FT.IA.839

INDEX

CO

GINGICALM • Tube

Pain reduction in case of swollen and tender gums due to teething. Soothing. Barrier effect. Redness and irritations.

- ★ Easy administration
- ★ High compliance

Active ingredients: Aloe vera, Calendula, Chamomilla, Honey, Xylitol

Rif. code: FT.CO.124.1

IROLIN DROPS • Oral Drops

FS

Anemia (Lack of energy, vertigo, headache or Irritability).

- ★ Microemulsified Iron® : high absorption, high compliance

Active ingredients: Copper, Folic acid, Iron from Microemulsified Iron®.

Rif. code: FT.IA.303

Also available with:

FARPID LOTION • Hair spray

Anti-Lice treatment lotion.

★ Easy to use applicator

Active ingredients: Neem oil, Geranium essential oil, Anise essential oil.

Rif. code: FT.CO.157

FARPID SHAMPOO • Shampoo

Anti-Lice treatment shampoo.

★ Makes the hair soft, shiny and easy to comb

Active ingredients: Neem oil, Geranium essential oil, Anise essential oil.

Rif. code: FT.CO.156

CO

DILCOIL • Dermal oil

Seborrheic, eczematous and atopic dermatitis, or acne. Skin hygiene and protection. Moisturizing, emollient, and soothing.

★ **Oily formulation without water with a high concentration of natural active ingredients. Preservative free**

Active ingredients: Sweet almond oil, Jojoba oil, Wheat germ oil, Chamomilla recutita.

Rif. code: FT.CO.16

CO

RILEPAST • Multidose tube

Infants diaper rash and skin irritation and redness caused by contact with faeces and urine. Soothing. Daily protection children skin.

★ **Easy to spread, fast skin absorption**

Active ingredients: Zinc oxide, Panthenol, Prunus amigdalus oil, Ricinus communis seed oil.

Rif. code: FT.CO.69

CO

NAVIHEAL • Powder spray

Fall of the umbilical cord. Diaper rash. Control of the microenvironment in areas around wounds. Redness in pressure sores.

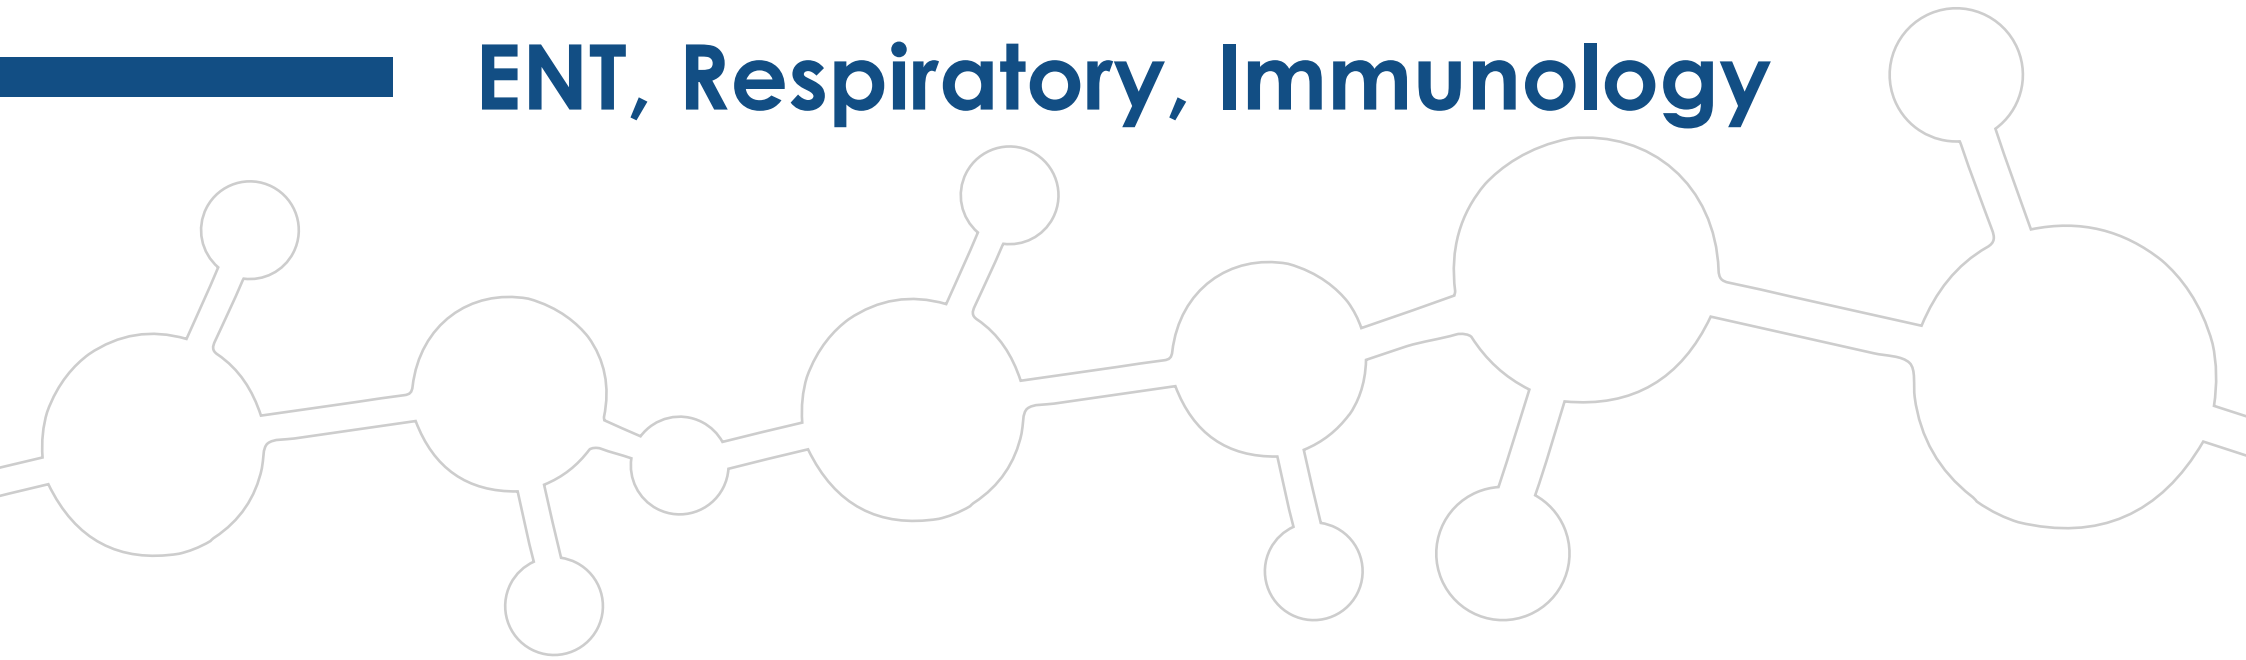

Active ingredients: Silver, Sucrose, Xanthan gum, Acacia senegal gum, Algin, Plantago ovata husk powder, Oryza sativa (Rice) starch, Zea mays (Corn) starch, Tocopheryl acetate, Sodium hyaluronate.

Rif. code: FT.CO.251

ENT, Respiratory, Immunology

RINOFAST FLU • Nasal spray

Daily nasal hygiene. To regulate nasal secretions after rhinorrhea. To prevent the formation of bacterial biofilm.

- ★ **Anatomical dispenser**
- ★ **Fan-shaped vaporisation for improved circulation to the mucous membranes**

Active ingredients: N-acetyl-cysteine, MSM, Isotonic solution 0,9% NACL.

Rif. code: FT.CE.12

AGFLU SPRAY • Nasal spray

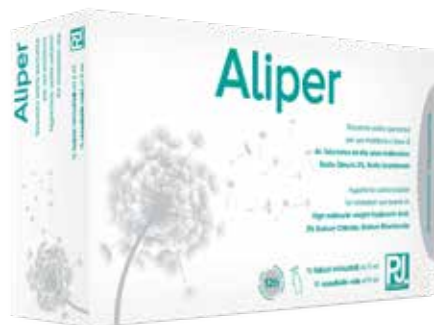

Persistent rhinitis and rhinorrhoea with yellow, green or brown mucus as sign of bacterial infection.

- ★ **Anatomical dispenser**
- ★ **Fan-shaped vaporisation for improved circulation to the mucous membranes**

Active ingredients: Sodium Chloride, N-Acetyl-Cysteine, Xylitol, Colloidal silver, Sorbitol.

Rif. code: FT.CE.150.SP

ALIPER KIT • Nasal nebulizer + Vials

Nasal douche for daily hygiene of the upper airways. For the prevention of colds, rhinorrhoea and otitis.

★ Suitable for young children who cannot tolerate electro-medical nasal showers

Active ingredients: High molecular weight hyaluronic Acid, 3% Sodium chloride, Sodium bicarbonate.

Rif. code: FT.K.114.FB.NASO

SULFURIN • Sachets

Wet coughs and catarrhal coughs.

★ Good Taste

Active ingredients: N-acetylcysteine, Vitamin C, MSM, Glycyrrhiza glabra L, Grindelia robusta nutt dry, Zinc.

Rif. code: FT.IA.150

OLIVEX SPRAY • Ear spray

Elimination of wax excess. Prevention of external otitis, irritation and inflammation of the extreme ear duct.

- ★ Without water
- ★ Natural ingredients

Active ingredients: Olive oil, Vitamin E, Tea tree Oil.

Rif. code: FT.CE.29

BOROX SPRAY • Ear spray

Hygiene of ear cavity. To remove ear wax excess. To reduce the risk of bacterial and fungal proliferation in ear canal.

- ★ Low water content
- ★ High ceruminolytic capacity
- ★ High antimicrobial activity

Active ingredients: Boric acid, Sodium docusate, Glycerin, Propylene glycol, Lactic acid.

Rif. code: FT.CE.18

FS

RELAT LATTOFERRINA SPRAY • Oral spray

Immunostimulant. In the prevention of flu-like conditions due to viral infections.

★ **Ease spray dispensing. Buccal absorption**

Active ingredients: Lactoferrin, Zinc, Vitamin D3.

Rif. code: FT.IA.609

Also available with:

CE

PROPELIN ORAL GEL • Oral spray

Buccal canker sores.

★ **Very good bioadhesiveness**

Active ingredients: Propolis extract, Aloe vera gel, Sodium hyaluronate, Sucralose, Magnesium sulfate, Beta glucan, Carboxymethylcellulose, Hydroxypropylcellulose, Sucralfate, Benzalkonium chloride, Polyvinylpyrrolidone, Triclosan, Methylsalicylate.

Rif. code: FT.CE.158

ORALIA • Oral Spray

Tonsillitis and Pharyngitis, Inflammations and infections of the oral cavity, Lesions

★ **Very good feeling of freshness and cleanliness**

Active ingredients: Xylitol, Clorexidine, Melaleuca Alternifolia Oil, Mentha Piperita Oil, Bisabolol, Aloe Barbadensis Gel, Sodium Hyaluronate, Citrus Medica Limonum Oil.

Rif. code: FT.CE.97

FS

REVILAN IMMUNO • Oral tablets

Immunostimulant. In the prevention of otitis and recurrent and relapsing airway infections.

★ **High concentration of beta glucans from fungi and yeasts**

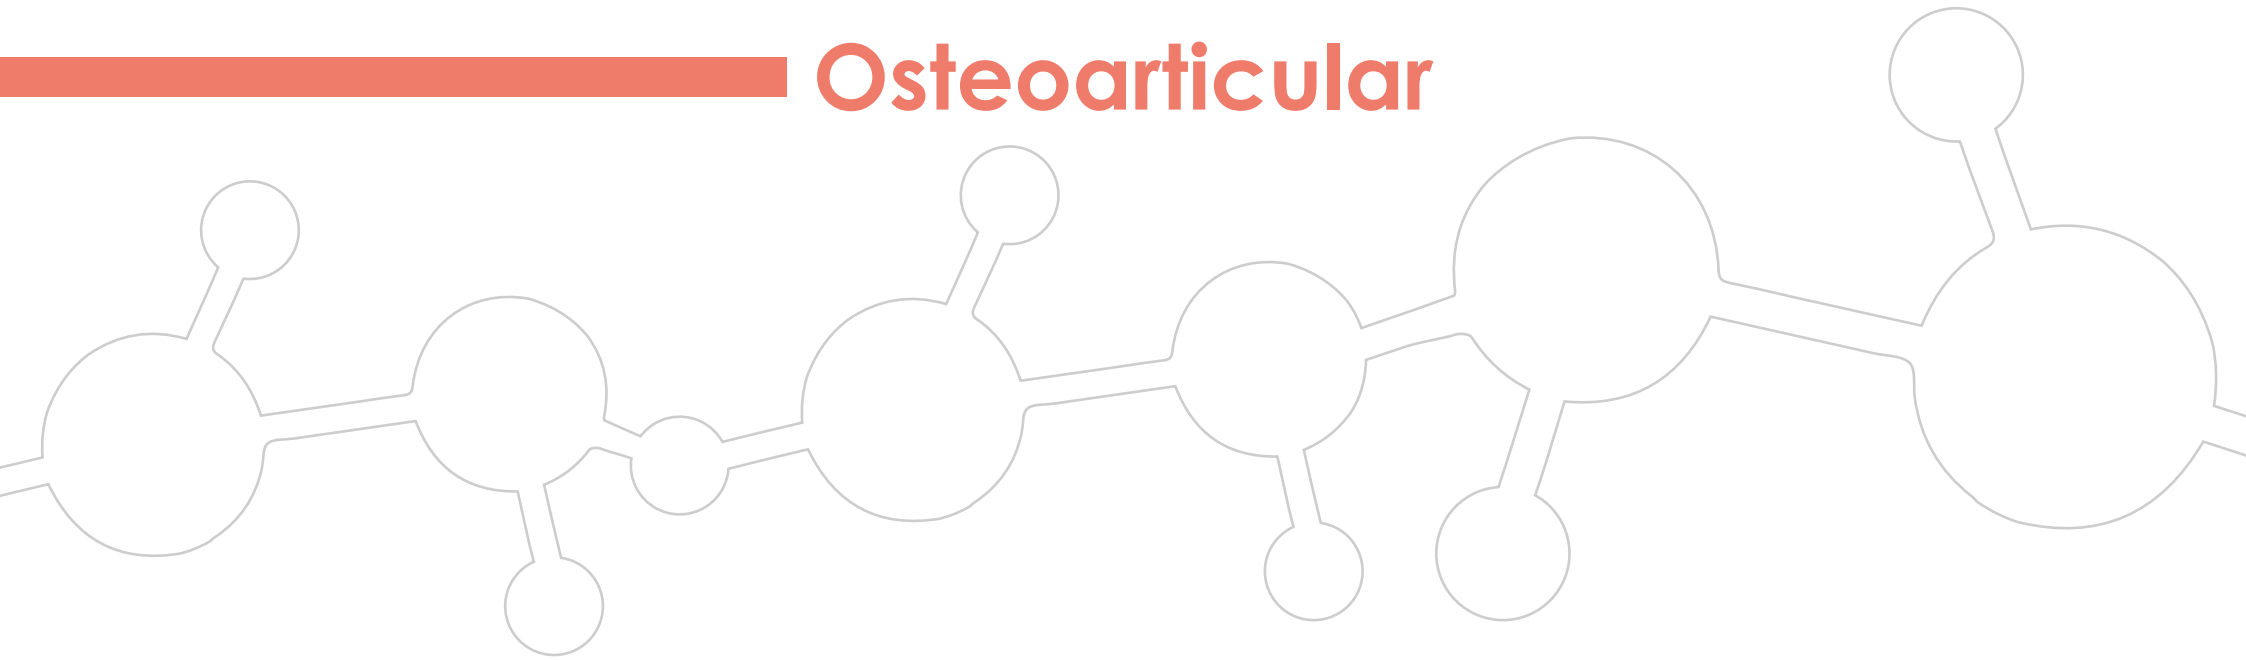

Active ingredients: Vitamins B1-B6-B12-C-D3, Riboflavine, Zinc, Resveratrol, Beta-glucan, Shiitake, Reishi, Lactoferrin.

Rif. code: FT.IA.541

Osteoarticular

INDEX

Joint pain Osteoarticular

ARTOX 2% • Pack of 1 or 3 syringes for intra-articular injection

Pain and impaired joint activity. Infiltration for hip, shoulder, knee and other joints.

- ★Ease of administration
- ★Negligible side effects

After 4 weeks with 1 syringe of treatment, patients over 42 age evaluated by WOMAC Overall Score, registered a decrease of 95% of cases and a complete remission in 25% of cases:

CLINICAL TRIAL

- ↘ Pain
- ↘ Stiffness
- ↗ Function

Active ingredients: Hyaluronic acid 2%.

Rif. code: FT.MDR .74

ARTOX SACHETS • Sachets

Tendinopathies and tenosynovitis.

- ★Excellent dissolution in water

Active ingredients: Methylsulfonylmethane (MSM), L-ornithine alpha-ketoglutarate, Type I collagen, Vitamin C.

Rif. code: FT.IA.74.1

INDEX

ATROZONE • Multidose tube

Joint, muscle and rheumatic pain.

★ Natural active ingredients

Active ingredients: Ozonized olive oil, Escin phytosomal, Arnica, Harpagophytum, Hyaluronic acid, Panthenol, Vitamin E, Camphor, Menthol, Betasitosterol.

Rif. code: FT.CE.122

JOISTAT • Sachets

To prevent and mitigate painful symptoms due degenerative rheumatism such as arthrosis.

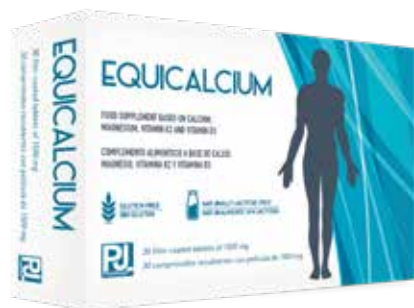

★ Good taste

Active ingredients: Glucosamine, Chondroitin sulfate, MSM, Bromelain, Harpagophytum procumbens (harpagoside).

Rif. code: FT.IA.95.1.30

Also available with:

FS

EQUICALCIUM • Oral tablets

Bones fragility.

★ **Easy digestion**

Active ingredients: Calcium, Phosphorus, Bamboo dry (silica), Vitamin D3.

Rif. code: FT.IA.148.1

Also available with:

FS

OSTAX LIQUID • Oral solution

For healthy bones growth.

★ **Suitable for children**

Active ingredients: Calcium, Magnesium, Zinc, Vitamin D3, Riboflavin.

Rif. code: FT.IA.171.1

Also available with:

FS

ORO D3 • Orodispersible Tablets

Bones fragility. Osteoporosis prevention.

★ **Fast absorption**

Active ingredients: Vitamin D3

Rif. code: FT.IA.473

CE

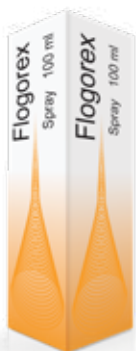

FLOGOREX EMULGEL • Multidose tube

Sensation of freshness with fast relief.

★ **Rapid absorption**

Active ingredients: Menthol, Sodium chloride, Camphor, Eucalyptus globulus oil, Methyl salicylate, Simmondsia chinensis seed oil, Tocopherol.
